

SOLIDEAL®
"THE NATURAL CHOICE"

SOLIDEAL®

SKS PNEUMATICS

Solideal, designers and manufacturers of the worlds finest, most complete range of heavy-duty SKS tyres.

HAULER® SKS

Often copied never bettered.

Hauler SKS The original WIDE WALL SKS tyre and still the best, built using the latest construction techniques and tried and tested compounds, tyre cords and natural rubber. Innovative self-cleaning stepped tread design, flat profile and side wall protection ensure that this tyre remains the industries most durable and versatile SKS tyre, optimum performance and life in the most arduous of applications.

HAULER® SKZ The *LIFEMASTER*™

Hauler SKZ The longest lasting SKS tyre available today, specifically designed for unusually rapid wear applications on sand, concrete and tarmac. The SKZ delivers increased life, larger footprint, increased stability and an industry best 60/40 Lug to void ratio, the SKZ really does offer the very best life time of any SKS tyre available on the market today.

SOLIDEAL® SKS XTRA Wall

The SOLIDEAL SKS XTRA Wall tyre, with many of the same up to the minute construction techniques, compounds, design innovations and properties of the top of the range Hauler and SKZ, the XTRA Wall represents a real value for money alternative.

SOLIDEAL® SKS Classic

The foundation of the SOLIDEAL range of SKS tyres, the CLASSIC delivers excellent performance through it's wide heavy duty R4 stepped tread design balanced with superb cost effectiveness. The Classic really is the original no frills option.

"NATURAL RUBBER COMPOUNDS FOR GREATER TEAR & CHUNK RESISTANCE"
